Patrick Romenesko appeared and reviewed the audit management letter regarding the municipal court, which is attached hereto and incorporated into these minutes by reference. He stated that it is vital to have accounts balance between the court clerk records and the clerk/treasurer records.

Lisa McClure, Court Clerk, appeared and testified that the court holds between \$1,000 to \$1,500 in cash prior to requesting a deposit, with usually two deposits monthly. Court Clerk McClure reported that she and the Judge would like to open their own checking account to address the items indicated by the auditor.

Patrick Romenesko reported that he has no opinion as he has clients that deposit and record through the municipal treasurer and others that have a municipal court bank account. When addressing the Board, he used examples of how a separate account could be a risk for the municipalities if a crooked employee was responsible for the account.

Discussion ensued. Clerk-Treasurer Howard appeared and testified that if the Board considers a separate account, that she would go along with it as long as Wis. Stats. provided that neither she or the Village President should be liable in the event of a problem with the bank account.

Board Action

A motion was made by Trustee Bauman and seconded by Trustee Grolle to allow the Municipal Court to open a separate bank account and for the Board to amend Chapter 1 of the Municipal Code to reflect this action. The voice vote was unanimous and the motion carried.

In regards to the Honey Bear property, President Monroe responded that the silt fence was not warranted by the Village's Building Inspector or the Village Engineer, both of who walked the property. President Monroe explained that the property owner is allowed to work in the builder interior, but cannot do any work on the site until a permit is issued by the Wisconsin Department of Natural Resources. Ms. Crabtree reported that there is allegedly an open area draining into the lake that consists of glass fragments and the Buckthorn has regrown.

The Village of Bloomfield, Walworth County, Wisconsin Board does hereby:

- a. Repeal Zoning Ordinance Section 27-161, Purpose of Procedural Regulation, Paragraph 2 item a: A member of the General Public.
- b. Repeal & Recreate Zoning Ordinance Section 27-21, Site Regulation, Paragraph 5 from "dwelling unit" to "residential structure"
- c. Repeal & Recreate Chapter 32 Erosion Control, of the Village of Bloomfield Municipal Code, as recommended by the Planning & Zoning Commission 5/0.

Discussion ensued. President Monroe stated that it has been suggested to delete the Zoning Commissioners and Village Board from being able to rezone private property. Attorney Schuk responded that it is inappropriate for the governing body legislate away powers granted by State Statute and that he was not sure that type of action was even legal.

Public Comment

Susan Bernstein and Nancy Crabtree raised their questions and opposition to multi-dwellings on Powers Lake.

Discussion ensued. Village Attorney Brian Schuk responded to the earlier questions of the public by stating that the multi-family cannot be built without proper zoning and proper density and the proposed language change would not change either of those classifications, rather it is meant to give the zoning code consistency in terminology.

Ms. Crabtree, Susan Bernstein, Rosemary Badame, and an inaudible gentleman participated in public comment offering more questions of the Village Attorney.

President Monroe responded that he believes that Honey Bear and Oakland Manor are the only properties along Powers Lake in Bloomfield that are not zoned R1.

Attorney Schuk stated that the Village has a Shoreland Overlay District which restricts, basically, DNR shoreland setbacks. The County regulates sanitary. A variance application would be heard by the Zoning Board of Appeals Chaired by Atty. Torhorst and other members of the public. To approve a variance, the petitioner must prove specific criteria, which is very difficult to accomplish, therefore unlikely.

As for the erosion control portion of the ordinance, Attorney Schuk stated that our building inspector wanted to be able to enforce erosion control during the permit process locally in lieu of the county.

Upon the conclusion of such discussion, a voice vote was taken. The vote was: 4 ayes, 1 nay (*with Trustee Bernstein voting nay*). President Monroe declared the motion carried.
